CLARION
HOUSING

Chelsea Chat

The inquiry into the application to regenerate the Sutton Estate concluded on Friday, 18th May 2018. The hearing lasted for seven days and included an evening that residents could attend and give their views. The Planning Inspector heard evidence on both the original planning application and the Revised Appeal scheme which seeks to increase the number new homes for social rent from 237 in the original application to 270.

In most appeals, the Planning Inspector's report determines the outcome of the application. However, in this case, the responsibility for determining the appeal has been recovered by the Secretary of State for Housing, Communities and Local Government, the Rt Hon James Brokenshire. This means that the Planning Inspector's report will be sent as a recommendation to the Secretary of State who will then consider and determine the appeals outcome.

The Inspector's report should be ready by the end of the summer. We hope to have a decision from the Secretary of State by the end of the year.

We will continue to keep you updated.
