## Planning application refused

After many years of planning our application to redevelop the Sutton Estate was submitted to the Planning Officers at the Council almost a year and a half ago. The Planning Officers reviewed our application in detail and then made their recommendation to the Planning Committee. Unfortunately their recommendation was to reject the application and at their meeting on the 15th November the Planning Committee agreed with their recommendation to refuse our proposals.

We are deeply disappointed by this decision as we had worked long and hard with all of you and the RBKC Planning Officers to submit proposals that would provide you with good quality new homes and that took into account the views of the Planning Officers.

We are sure that many of you will be disappointed by this decision too.

Our next step is to review the comments from the Committee and for our Board to consider and agree on what to do next. This is an important decision and one the Board will need to take time to consider. As soon as the Board has made their decision we will let you know, however we don't expect this will be until the New Year.

In the meantime we would like to thank you all for attending the consultation events and sharing your ideas with us; reading Chelsea Chat; attending our road trips to visit other schemes and most of all for your patience through what has been a very long process.
